

Discover a world of records from around the world during
SKP Genies Magic
at the
Family History Library

When seeing the Great Salt Lake for the first time, tradition attributes Brigham Young with saying: "This is the place." And indeed it is for family historians—for Salt Lake City, Utah is "*thee place*" of the largest genealogical library in the world. On its five floors, in its annexes and safely stored in a granite mountain, documents created by previous generations in North America, Europe, and every corner of the globe are waiting for us. It is just a matter of locating and copying them. And that is exactly what we will be doing during the first week in September, along with brainstorming problems, improving our research techniques, sharing successes, and enjoying the camaraderie of fellow Escapees. Join us!
